To support you in your work at your Franciscan school, the St. Francis School of Human Values has been designed to help each person better understand his/her relationships with God, family, society, and all creation. To do this the person is encouraged to see himself/herself as an integral part of the creation, to develop a sense of responsibility towards it, to care for it, and to share in its blessing. The person is also encouraged to develop a strong relationship with God, family, and society. In this relationship the person will feel a sense of responsibility towards them. The person will be encouraged to live a life of faith, prayer, and service. The person will be encouraged to be a member of a Franciscan College or University. Being a member of a Franciscan College or University will allow you to enjoy the full services of staff, including full input with lectures and conferences. Snacks and lunches will be included in the cost. Lodging at Mary and Joseph, St. Francis, and San Damiano Church, Presidio, and Pala.
